

Uniphi-Alchemy Map

A metaphorical framework for building worlds: art, systems, and the unconscious in one map.

Axioms (Latin • French • English)

Pick three for your current cycle. These are motto-style phrases (some traditional, some neo-Latin).

Latin	French	English
Solve et Coagula	Dissoudre et coaguler	Dissolve and coagulate
Ordo ab Chao	L'ordre du chaos	Order from chaos
Iterare est Distillare	Itérer, c'est distiller	To iterate is to distill
Veritas in Structura	La vérité dans la structure	Truth lives in structure
Nomen est Clavis	Le nom est clé	Name is a key
Mensura est Magia	La mesure est magie	Measurement is magic
Custodia sine Carcere	Garder sans enfermer	Guard without imprisoning
Ludus est Labor	Le jeu est travail	Play is work
Testis facit Mundum	Le témoin fait le monde	The witness makes the world
Nexus supra Murum	Le lien au-dessus du mur	Connection over walls
Aperire, Non Claudere	Ouvrir, pas fermer	Open, not shut
Caritas in Codice	La bonté dans le code	Care in the code

7 Operations + Witness Moment + Ritual

1) Calcination — what must die / what remains

2) Dissolution — fast prototype / inputs

3) Separation — core vs decoration

4) Conjunction — connect art + system

5) Fermentation — invite surprise

6) Distillation — refine / remove one thing

7) Coagulation — ship / witness moment

60-Second Ritual (Anchor → Stake → Spell)

Anchor: _____

Stake: _____

Spell: _____

Quick Guide

How to use the map when you feel stuck, artificial, or lost in complexity.

When it feels super-artificial

Usually Vessel + Guardian are dominating while Sulfur + Witness are starving. Do one small act of grounding: add a sensory anchor, add a stake, and open a human door.

Micro-spell: boost Sulfur and Witness by one notch; reduce Vessel and Guardian by one notch.

When it feels chaotic

Increase Sal (structure) and Vessel (container). Reduce Noise until it becomes a co-author again. Name things. Group controls. Pick a single release target.

Micro-spell: name 5 things, remove 1 thing, ship 1 thing.

When you can't ship

You might be looping in Separation or Distillation. Jump to Coagulation: define a witness moment (how a human meets the work) and publish the smallest living artifact.

Micro-spell: release a one-file demo + a one-page README.

The three questions

1) Are we mostly Vessel (infra) or Fire (emotion)? 2) Is Noise a co-author or decoration? 3) Where is the Witness door (a concrete entry point)?
